

INSUL-ZONE™

HIGH PERFORMANCE BUILDING INSULATION

Insul-Zone™ is high performance, flexible insulation manufactured using Expanded Polystyrene (EPS) foam and highly reflective aluminum. Due to the configuration and design, Insul-Zone™ is extremely versatile and easy to use.

Insul-Zone™ is an ideal product for residential, commercial, agricultural and institutional projects. This multi-layer, rolled product provides thermal insulation, reflectivity and a vapor barrier in one.

FEATURES & BENEFITS:

- ***Durable***
- ***Flexible***
- ***Class A Fire Rating***
- ***Quick Installation***
- ***Economically Priced***
- ***Effective Vapor Barrier***
- ***Excellent Thermal Properties***
